YOUR PRESENCE ON THE 'JARDIN PIXEL', the vegetal core of the tradeshow

A place for sourcing plants and seeking inspiration, where horticultural innovation and experimentation are gathered among the planters. It's the perfect place to present a new variety, a new range or a flagship product and showcase its use and technical features, or offer some original combinations.

- For breeders, seed producers, disseminators, propagators, seedling producers, and producers/distributors of vegetal.
- Pixel garden planter: L 80 cm x l 40 cm x H 40 cm (to be provided).

'Jardin Pixel' signage planned and designed by the organizers.

Production - Pixel Garden
